

The European Campus

The strategic flagship project and the European future of the Universities on the Upper Rhine

UNIVERSITÄT BASEL | UNIVERSITÄT FREIBURG | UNIVERSITÉ DE HAUTE-ALSACE |
KARLSRUHER INSTITUT FÜR TECHNOLOGIE | UNIVERSITÉ DE STRASBOURG

Moreover, the "Upper Rhine Trinational Metropolitan Region" includes an additional 50 research institutes and 63 higher education institutions.

Eucor – the Confederation of Universities on the Upper Rhine:

The Universities of Basel, Freiburg, Haute-Alsace, and Strasbourg and the Karlsruher Institute of Technology have been cooperating in research and teaching since 1989 as the Eucor Confederation. The European Campus is the strategic flagship project of Eucor that aims to expand the alliance into a science and research area with an international reach.

The European Campus – vision and long-term goals:

-  a cross-border university alliance with its own legal status: The universities can submit funding proposals as an autonomous entity in Germany, France, Switzerland, and Europe.
-  joint professorships, joint administrative personnel, joint service departments, joint doctoral candidates, joint students, joint research projects, and dual degrees
-  common research infrastructures: a magnet for attracting the best young academics and international students
-  a model that is unique in the European research area and can be emulated by other cross-border regions
